Detailed Vehicle History Definitions:

- Accident**
 CARFAX receives information on accidents in most states when an official police report is filed. The level of detail in the accident record varies by state depending on the state's accident report requirements. CARFAX recommends you obtain a vehicle inspection from your dealer or an independent mechanic for any car involved in an accident.
- Commercial**
 Vehicle was registered for business purposes.
- First Owner**
 When the first owner(s) obtains a title from a Department of Motor Vehicles as proof of ownership.
- Manufacturer Buyback or Lemon**
 A vehicle, generally with major problems, that has been repurchased by or had its price renegotiated with the manufacturer. The specific requirements for vehicles that qualify as a "lemon" vary by state but most states mark an official document or issue a Manufacturer Buyback title for Lemon Law vehicles. In addition, most manufacturers will, as a courtesy, buy back some vehicles that do not meet Lemon Law specifications; these buybacks may or may not be recorded on the title.
- New Owner Reported**
 When a vehicle is sold to a new owner, the Title must be transferred to the new owner(s) at a Department of Motor Vehicles.
- Personal Use**
 Vehicle was registered by the owner for private or personal use.
